### **Price List for Therapy Services:**

Individualized Assessment	\$100
Individual Therapy	\$70 for a 45 minute session plus documentation in the form of progress reports

Group Therapy is designed to target therapeutic goals. Clients are evaluated to find the best match for their needs.

Small groups are appropriate when targeting socialization, emotional expression and team working areas.

Group Therapy	\$25 per participant for a 45 minute session: 4 participant max
Small Group Therapy	\$38 per participant for a 45 minute session: 2 participants

Larger groups are appropriate when targeting more generalized goals, such as increased range of motion, increased participation in group activities and increased vocalizations/verbalizations/singing, because there is less opportunity to target more refined individual goals. Typically large groups are contracted with facilities and organizations. Large groups maximum capacity is 12.

Large Group Therapy	\$80 for a 45 minute session

### **Price List for Music Together<sup>®</sup> Classes:**

Music Together classes are great opportunities for inclusion and generalization of skills learned in therapy. These music classes are intended to target basic music skills competence and do not address therapeutic goals. Parents are actively involved in these classes and are required to participate with your child.

Mixed Ages class for children birth-5	\$135 tuition plus registration fee (\$20 for new families and \$5 for returning families)
